

Education Begins at Home

4th Sunday

Children's education starts at home. Your relationship with your child is the foundation of their healthy social and emotional development – you are your child's first teacher. Children learn what they live. What you're teaching your kids, you will also reap from them. Children will certainly put into practice what they learn from you.

Show your child that you value their education:

- ✓ Ask about your child's day at school.
- ✓ Ask who their friends are.

- ✓ A child will want to go to school and do better when he sees his parents show interest.
- ✓ Give your child love and encouragement as he leaves to school everyday.
- ✓ Give lots of encouragement when your child faces struggles in school.
- ✓ Respect, love and care between parents and adults in the household reflect a healthy lifestyle to the child.

Hawaii Parent Information Resource Center wants to acknowledge the Chuukese Special Advisory Committee, especially the following volunteers without whose help the 7 Sundays would not be possible.
